- a. Title: Application of Remote Sensing to Selected Bureau of Reclamation Projects

ERTS-A Proposal No. 208

- b. GSFC ID No. of P.I.: IN 399

- d. Aircraft coverage of project area has been cataloged. Cataloging of film strips and preparation of flight-line coverage location map have been completed.

All previous examinations of data have been cursory in nature, detailed studies are now planned.

- e. First indications are that irrigated land in the semi-arid plains of Colorado can be determined and a reasonable acreage value can be assigned. Circular irrigation systems stand out readily.
